### Farm Program Is Given Bipartisan Senate Support

Compromise Plan Backed By Truman After Conference

WASHINGTON, Sept. 1.—(AP)—Senators of both parties plugged today for passage of a compromise farm program, apparently with President Truman's backing.

The measure, written by Senator Anderson (D-NM), was sent to the senate for action yesterday soon after Democratic farm leaders returned from a visit to the White House.

Mr. Truman was asked at a news conference today just what he told the farm conferees yesterday that got such fast action from the senate agriculture committee.

He said it wasn't anything he told them—that when they sat down together to talk things over they found that they were not as far apart as they thought they were.

He said that is usually the case.

Senator Aiken (R-Vt.) reported that the senate agriculture committee had been informed the President would support the Anderson bill.

"I think this assures that the farmers will be in pretty good shape for another year," Aiken said. "This is a long range farm program that is not in conflict with the 1948 act on the books."

Aiken, top-ranking GOP member of the agriculture committee, is the author of the 1948 flexible price support measure due to go into effect next year.

He and other Republicans co-ordinated with Anderson in developing the compromise, which would keep the present high-level rigid supports for 11 important crops, but substitute flexible supports for the others.

The unanimous vote within the committee indicated it probably will go through the senate with few, if any, major changes.

Then he measure must go back to the house, which has passed a far different bill. It voted an extension through next year of the high-level wartime price props now in effect.

Actually the price support levels for basic crops the first year of the Anderson bill would be near those voted by the house but would apply to far fewer commodities.

Anderson would assure price props at present levels for wheat, cotton, corn, peanuts, soybeans, milk, potatoes, and wool and mohair.

This bill would give Secretary of Agriculture C. L. Brannan wide authority to support other farm products at varying price levels. The amount of funds congress provides later also would be a major factor.

DEPORTED—The State Department disclosed today that Anatoly P. Borzov (above) Russian air force pilot who twice tried to change sides in the cold war, has been deported and will be given a chance to return to his Soviet homeland.

### Slackening Seen On War Of Nerves By Pres. Truman

WASHINGTON, Sept. 1.—(AP)—President Truman said today the war of nerves between the Communists and Democratic nations is slackening up very much. He expressed hope it would end in a surrender as did the World War II shooting conflict.

The President made the comment at his news conference on the 10th anniversary of Hitler's invasion of Poland. He did not say so but implied that the surrender he hoped for would be that of the Communists.

"I am confident that the shooting war did not continue and regretted that it was followed by a war of nerves. He said he hoped the war of nerves would end likewise in surrender."

When a reporter asked what he meant by surrender, he said he meant just that. Pressed for his opinion on the present stage of the war of nerves he said he thought it is slackening up very much.

Later on, Mr. Truman said he was hopeful the war of nerves will cease soon. When it does he said everybody will then be in a mood for peace, the United Nations would then work as it should and we should have generations of world peace.

But he had nothing to say about Soviet troop movements in the vicinity of Yugoslavia. Secretary of State Acheson described those movements yesterday as part of the Soviet war of nerves.

### Yugoslavs Assert Russia Got Paid For "Betrayal"

U.S.S.R. Declared To Have Received \$50,000,000

BELGRADE, Yugoslavia, Sept. 1.—(AP)—Yugoslavia's official newspaper charged today Russia is getting \$50,000,000 for selling out Yugoslavia's claims to a piece of Southern Austria.

The charge was the latest propaganda blast in the war of nerves between Russia and Yugoslavia. The dispute has been highlighted by rumors of Soviet troop concentrations of Yugoslavia's borders, counter-moves by Marshal Tito's army and stories of sabotage inside the Balkan country.

The newspaper Borba, voice of Tito's government, put the \$50,000,000 price tag on what it called Russia's "betrayal" of Yugoslavia.

Borba declared Russia dropped her support of Yugoslav territorial claims on Austria last June after she got western agreement on raising Soviet war claims against Austria from \$100,000,000 to \$150,000,000.

"The U. S. S. R. have consistently opposed Yugoslav land claims as part of an Austrian independence treaty," Borba's editorial was the first Yugoslav retort of an official nature to an angry Russian note delivered Monday declaring again that Tito himself had abandoned his Austrian claims behind Russia's back.

With mixed defiance and sarcasm, Borba charged Russia was trying to bring Yugoslavia under control in order to place her in an unequal and subjugated position.

The tone of editorials, both in Borba and another Belgrade paper, Politika, showed little concern over the possibility of the war of nerves turning into a shooting war soon.

Borba charged the Russian news agency Tass with spreading "lies."

### Corsicana Ranks High In Volume Of Retail Trade

NEW YORK, Sept. 1.—(Spl)—Business activity in Corsicana hit a high figure during the past year, with retail sales well ahead of its quota among the cities of the United States. The findings are contained in Sales Management's copyrighted survey of buying power, a 500-page study just completed, covering every community over 10,000 population.

Corsicana accounted for retail sales of \$19,151,000, an increase over the \$18,455,000 done by the local stores the previous year. Thus the city did .0147 percent of the nation's business with but .0130 percent of the national population. It was also ahead on a statewide basis, doing 308 percent of Texas' business although it has only .261 percent of the population of the state.

How well Corsicana families fared is shown by their effective buying income, the amount available to them for spending after payment of personal taxes. With net earnings of \$18,685,000 for the 6,000 families in Corsicana, the average was \$3,114 per family last year.

The fact that retail sales were greater in volume than local income indicates that the city is the hub of a large trading area. Per individual in the city, the average available after taxes was \$983.

The overall change in the past year in the picture of earnings and expenditures is shown for the nation by the figures in the survey. They indicate a 51 percent rise in "spendable" money per family and a higher, 111 percent, increase in the amount spent in retail stores. Out of every dollar stores got 69 cents.

### Pres. Aleman Of Mexico Presents Hopeful Report

MEXICO CITY, Sept. 1.—(AP)—President Miguel Aleman told congress today that the position of the government-backed Mexican oil industry is promising and the stabilization of the peso "is giving the good results we expected."

In his annual state of the nation address, President Aleman noted that the economy was promising and the peso was decreasing.

"The (U. S.) federal courts," he said in an 18,000-word report, "have ended the segregation of Mexican children in Texas state by the courts. The cases of discrimination have been decided and we have obtained better treatment for our nationals living in the U. S."

The president said the new agreement on migrant harvest workers going to the United States contains "conditions more favorable for our people than before." He said he wanted to emphasize that no employed workers could be taken from Mexico and that the new agreement will tend to abolish clandestine migration.

The president said Mexico was well able to paddle her own canoe on the world's troubled economic waters. He said Mexico's economy of the recent denial of a \$203,000,000 oil loan from the United States. But he said:

"To work and create riches by our own efforts is the sign of our maturity, and has accompanied our progress. It is the only thing which will give us an abundance, building an economy strong and suited to our nation."

The president appeared personally to the congress to present his report, crammed with figures on public works, financial policy and international affairs.

He said the prospects for the country's oil industry, financed by Mexico's own money are promising. Of 137 new wells drilled last year, 85 are producing.

The president reported stabilization of new cases this year.

### County Budget Gets OK Despite Threats Of Suit

Navarro county commissioners Thursday voted to approve the budget for 1950 expenditures, including 20 cents levy for hospital bonds and an 8-cent hospital maintenance fund despite efforts of J. N. Edens to have the 8-cent maintenance tax omitted. A total of \$4,000 was included for the health unit.

Edens threatened court action attacking the 8-cent levy after the commissioners had passed it without a dissenting vote tentative approval of the budget including the levy.

The opponent of the levy said such a levy was foolishness as the hospital would not be constructed during 1950.

Members of the court said such a question had been discussed among themselves.

Paul Moore, member of the advisory and hospital board, said Thursday was the first time he had heard of the matter and questioned whether or not such a move could be legally done since the people had voted for the hospital and its maintenance last April.

He asked the court to be sure no move be taken that could in any manner jeopardize the \$1,200,000 hospital program financed by the federal government to the extent of \$400,000, \$350,000 by private subscriptions and \$550,000 bonds voted.

Mrs. W. K. Steele mentioned that the hospital proposition was by vote of the people.

Chas. T. Banister, county attorney, and Judge Huffstutler discussed the legal points and later talked by telephone with the attorneys representing the advisory board in the election, etc., returning with the information that the attorney believed it was "a matter of policy whether it be levied this year or next," but did not have all the information relative to the federal communications, etc.

Edens paid his respects to the manner in which the P. and S. Hospital charity services are rendered to the people.

The Legion view was expressed in a resolution adopted shortly before the Legionnaires were to begin balloting to choose a new national commander, major item at the final session.

The federal government should "strictly adhere to the existing laws and quotas allowing immigration."

### Pearson Asserts Intervention In Tax Case Sought

Reporter Tells Of Telephone Call About Burton

WASHINGTON, Sept. 1.—(AP)—Drew Pearson testified today that Maj. Gen. Harry H. Vaughan telephoned the Justice Department in 1946 "asking some intervention" in the income tax case of a New Orleans oil man.

The columnist took the witness chair in the senate's "five percent" investigation shortly after a White House news conference at which President Truman said Vaughan would stay on as his Army aide.

Pearson identified the case as that of W. T. Burton, New Orleans oil man, and a "very good friend of William Hells."

The columnist said Burton had been tried twice on income tax charges and had been exonerated on the first trial. He said the case was subsequently indicted and convicted of a charge of jury bribing.

Pearson said a "S. of M. man" was preventing this conviction, Pearson said.

He said he learned of Vaughan's purported interest in the case from James F. McGranery, now U. S. judge for the eastern district of Pennsylvania. At the time, 1946, McGranery was the assistant to Attorney General Tom Clark.

Pearson said he was in McGranery's office, and that when he was there Vaughan telephoned McGranery "asking some intervention in the Burton case."

McGranery, Pearson continued, told him about it. Pearson added: "McGranery made the statement he was darned if he was going to stand for any political influence in the case."

The lawyer said in November or December of 1946 "rumors" cropped up in Louisiana that large contributions had been made in the Kansas City primaries in order to prevent a conviction in the Burton case."

Pearson had asked the committee to hear him. He said he wanted to deny that he prompted the investigation. He said that Vaughan had accepted a bribe in an income tax case.

The committee questioned Vaughan about the FBI investigation yesterday. He told them it was initiated by a "member of the press," but he did not name Pearson as the man.

Later, Col. C. J. Mara, assistant to Vaughan, said that at the time the investigation was conducted Pearson was conducting a "vicious campaign" against Vaughan. Mara also testified that the FBI "completely exonerated" Vaughan.

Pearson said he would elaborate when he said that Vaughan would continue as his Army aide.

That was just about all the comment Mr. Truman would make at a news conference about the senate case.

### Texas Entering Its First Billion Dollar Biennium

AUSTIN, Sept. 1.—(AP)—Texas today entered its first biennium of billion-dollar spending.

The state government spent approximately \$500 million dollars during the two-year fiscal period which ended yesterday.

The state comptroller has not made his report for August, the month just ended, but the trend for the past year indicates that state expenditures will total approximately 440 to 445 million dollars for the past 12 months. The previous year's total was 403 million dollars.

State revenues surpassed the billion-dollar mark the biennium just ended. Again, the final monthly report is not available, but the trend points to a 1948-49 total of some \$500 million. Income for 1947-48 was \$18 million.

Much of the money spent by the state is federal aid. Federal grants to Texas for public health, welfare, education and highway total well over 200 million dollars for the past two years.

### Charges Of Lobby Activity Against Texan Reduced

WASHINGTON, Sept. 1.—(AP)—Lobbying charges against James McDonald, Texas state commissioner of agriculture, were scaled down from a felony charge to a misdemeanor yesterday by the justice department.

McDonald, Tom Linder, commissioner of agriculture in Georgia, Ralph W. Moore, Granger, Texas, of the national farm committee; and the Farm Commissioner's Council was accused by a District of Columbia grand jury June 16, 1948, of lobbying for higher farm commodity prices for the benefit of personal gains.

The grand jury also indicted them for not registering and filing financial statements as lobbyists; a violation of the lobbying registration act which carries a penitentiary term as punishment.

Defendants challenged the validity of the indictment on numerous grounds and moved to dismiss it. The justice department agreed yesterday, and then filed a simple information, charging a series of misdemeanors.

All the defendants have denied any lobbying and the prosecution was "politically inspired,"

### Polio Foundation To Try For Funds

NEW YORK, Sept. 1.—(AP)—For the first time, the National Foundation for Infantile Paralysis is planning a special fund-raising drive.

The drive is necessary, President Basil O'Connor said yesterday, because of this year's polio incidence.

The foundation has spent \$7,078,800 on new cases this year.

### Casualties From Japanese Typhoon Reach High Total

TOKYO, Sept. 1.—(AP)—Dead and injured piled up today in Tokyo's typhoon-flooded ravaged area with 68 known dead, 223 injured and 50 missing in the Central Honshu storm area which includes Yokohama.

Some 100,000 men worked feverishly to sandbag river levees against a repetition of property damage from wind and water mottled steadily after the blow which lashed the Tokyo Bay metropolitan area last night, leaving 66,000 homeless.

The big danger was to come when the Tone River and other streams swollen by 13 inches of rain-raged down into the Kanto Plain north of Tokyo.

It was here, authorities feared, that the 1947 devastation to the Tokyo area might be repeated.

"Waters of the Tone already lapped at the bridge of the main rail line. And the flood crest was yet to come."

All the dead were Japanese. The casualty or missing lists was an Eighty Army soldier hospitalized by flying class cuts.

Less than 24 hours after the typhoon whipped Tokyo Bay into 50-foot waves with 100-mile winds this was the dismal picture:

Eighteen ships and boats sunk and 60 missing.

In Tokyo alone, 49,000 persons were being fed and sheltered by the Japanese Red Cross and government agencies. Many left damaged homes but most fled river waters.

In Kanagawa prefecture, more than 10,000 were homeless. To a lesser degree, it was the same through a total of nine prefectures on Central Honshu island.

The storm did extensive damage to U. S. military installations, housing areas and aircraft.

### Two Propositions In Corsicana School District Up To Voters Here Saturday

Qualified property tax-paying voters within the newly-created Corsicana Independent school district Saturday, Sept. 3, will determine two propositions in an election to be held at the courthouse.

The first proposition is for or against the maintenance tax within the district and the second is for or against the assumption of the bonded indebtedness of the district.

W. H. Norwood, superintendent of schools, said that the total amount of both levies sought is \$1,234 on the \$100 valuations with prevailing in the district last year. It is divided with 85 cents going toward the maintenance of the schools and the 38.4 cents allocated to the interest and sinking fund for maturing bonds.

The polls will open at 8 a. m. and close at 7 p. m., with C. S. Wood as the presiding judge. Only one voting place will be provided—that at the courthouse.

The total outstanding school bonds, involved amount to \$720,899, of which \$5,159 are Corsicana bonds of the independent Erighouse bonds for that segment of the district embraced immediately west of the old city limits, while the remainder are those of the old Corsicana Independent district.

### Higher Minimum Wages Virtually Certainly Now

WASHINGTON, Sept. 1.—(AP)—An increase in the minimum wage from 40 to 75 cents an hour was virtually assured today.

The senate voted for it yesterday, the house did so earlier. All that remains now is for the two branches to compromise over the points in the bills.

The principal issue to be settled concerns employees covered by the law. The house bill would require that the move about 1,000 workers from coverage. The senate provided exemptions for an estimated 250,000 or so, mainly in retail stores.

"With the senate taking a week's rest and the house on vacation until Sept. 21, efforts to iron out the differences will be delayed."

Some 22,000,000 workers are covered by the law, but Senator Pepper (D-Ia.), floor manager of the bill, said only about 1,500,000 of them now are being paid less than 75 cents an hour.

### Ten Killed When Navy Flying Boat Crashes Into Sea

SAN DIEGO, Sept. 1.—(AP)—A 40-ton navy flying boat crashed into the fog-mantled sea off the harbor yesterday, killing the four officers and six enlisted men aboard.

PBM patrol plane just had taken off from North Island on a routine training flight. Witnesses said it tilted on its port wing, crashed and exploded, scattering wreckage 800 yards. The craft was attached to patrol squadron 46, recently arrived from duty at Salpan.

A crash boat and coast guard rescue flying boat recovered three bodies. Search for others continues.

The first victims identified by the 11th naval district were: Lt. Martin H. T. Kollmorgen, 26, pilot, Coronado, Calif. Chief machinist's mate George Oliver, 30, National City, Calif.

Pastor Injured.

MUSKOGEE, Okla., Sept. 1.—(AP)—The Rev. C. W. Lipsey, 38, pastor of the West Amarillo, Texas, Christian church, was critically injured yesterday in an accident. The car he was driving collided with another vehicle at a downtown intersection.

### Irregular Troops Of Reds Conquer Area Of China

CANTON, Sept. 1.—(AP)—Communist irregulars today bit a huge chunk out of northeastern Kwangtung province.

News dispatches conceded the northeast of Canton, to irregulars, who slashed down from Kiangsi province.

Melhsien, 30 miles northwest, was abandoned without a fight. The town was threatened. The Kwangtung port is 30 miles east of Puning, which the Red guerrillas took. Nationalist forces were trying to retake the village.

But the Reds were regrouping for a massive drive toward Canton.

### Mixed Conditions Shown By Report Of Reserve Bank

DALLAS, Sept. 1.—(AP)—Business conditions were mixed in this Federal Reserve District during July, the Dallas Federal Reserve Bank's monthly report shows.

Consumer buying was about 10 per cent less than in July, 1948. It was also about the same amount under June—but that is consistent with the usual seasonal decline.

However, cotton production prospects are bright. The report issued yesterday said. The Texas crop may reach as much as 1,300,000 bales more than last year.

But demand prospects are good, and oil drilling activities continued at a high level.

The demand for gasoline continued strong in the face of a crude oil production decline in July.

The decline in commercial, industrial and agricultural loans was broken in July, the Federal Reserve Bank said.

In retail business, the Federal Reserve survey covered Dallas, Fort Worth, Houston, San Antonio, Corpus Christi and Shreveport, La.

It showed department stores sales down 6 per cent for the first seven months of the year compared to the same period in 1948. For the past month, sales were down 10 per cent compared with July, 1948.

### Sandra Peterson May Tell Story To McCulloch County Grand Jury Today

BRADY, Tex., Sept. 1.—(AP)—Sandra Peterson, 17, charged with the hitch-hike slaying of a Brady business man, may appear before the McCulloch county grand jury today.

As the grand jury went into special session to consider her case, Gene Samuelson, one of the jurors said.

"We might call Mrs. Peterson to see what she has to say."

The attractive, dark-haired Sandra, accused of murdering Lewis Patterson near Brady after he gave her a ride, is a juvenile under Texas law.

She is in the Brady county jail and an officer today said "she has calmed down a lot—she doesn't act near as tough now as she did."

Massachusetts police obtained a certified copy of her birth certificate yesterday. It showed she was born in Somerville, Mass., and will not be 18 until Dec. 11, 1949. Under Texas law, a female may not be tried for murder until she is 18.

The grand jury went into session at 10:10 a. m.

District Attorney J. R. Haun of Coleman, here to press the charges against Sandra, said: "The jury may be in session an hour, all day, or two or three days."

As for Sandra's birth certificate, Haun commented today: "I have asked for a certified copy of the certificate. When I get it I am going to have it subjected to a microscopic examination to be sure it hasn't been tampered with."

At first Mrs. Peterson had given the name of her birth certificate.

## Ten Years Later—Berlin Now Capital Of World Hatred

By DANIEL DELUCIE  
BERLIN, Sept. 1.—(AP)—Grass grows on some of the war ruins of Berlin, but this is the capital of world hatred.

On the tenth anniversary of the bloodiest conflict in human history, which Adolf Hitler started and lost, people are trying fearfully to guess when the next war will break out.

The Russians are just tapering off their summer military maneuvers east of the Elbe. The Americans start a mock campaign with 110,000 troops in the west. Near Germany, where the bloody conflict was spawned, today is a land divided.

This correspondent arrived in Europe in their 10 years ago, when hopeful souls still talked of "peace in our time."

For the next six years millions of men fought with the most destructive weapons the world had ever known. Cities were ruined and ports shattered throughout the continent and elsewhere in the world.

I watched a German army march through Slovakia to the Polish frontier while Hitler's foreign minister, Joachim von Ribbentrop, was packing to go to Moscow.

When Hitler's infamy was launched, I headed for Poland through the back door of the Carpathian mountains. I had never heard of Stuka dive bombers. I got acquainted with them in a Polish city called Lvov.

It is written that they who take the sword shall perish by the sword. But many more innocent are slain.

I saw Polish women and children die in the streets of Lvov when all the defense that city had against Nazi air attack was a few old machine guns.

In the next terrible years, as the holocaust spread over the land, an estimated total of 22,000,000 persons perished. Another 34,000,000 were wounded and maimed.

What has happened to Poland? Divided once by Hitler and Stalin, cut up again by Russia, America and Britain, Lvov today is under the Soviet flag.

World War II was supposed to have been fought to crush German militarism. But the lively growth of the German army—at least 100,000 troops—has arisen east of the Elbe under Soviet sponsorship. It bears the alias, "people's police."

And in western Germany certain politicians speculate not too discreetly on the day when the west Germans again will bear arms.

Two German generals were hanged at Nuernberg, but there are plenty of other German generals wounded and maimed, serving either side in the next war.

her age as 21 and officers were proceeding under the theory that she could now be tried for murder.

Haun said the grand jury "could not force" Mrs. Peterson to appear before it.

"The grand jury can ask her to appear, but if she doesn't want to, she doesn't have to," he said.

Commenting on Mrs. Peterson's age, Haun told a reporter: "That girl has been around too much to be just 17. I would like to see that birth certificate."

McCullough County Attorney Evans J. Adkins said the state will use the fact that Peterson was robbed of \$50 after he was shot, if Mrs. Peterson is really just 17.

"What will probably happen is that she will be charged with robbery as a juvenile either in county or district court here, both of which have concurrent juvenile jurisdiction."

This he said, would enable the state to hold Mrs. Peterson at the girls' training school at Gainesville until her 18th birthday on Dec. 11, if a conviction is obtained on the juvenile charge.

"Then a Brady real estate man will be brought back here and tried for murder."

At present, she may be charged only with being a juvenile delinquent. On conviction, she would be sentenced in the state reformatory until she becomes 18—then she could be tried for murder.

The grand jury faced the sort of angle described yesterday by District Attorney Ralph Logan at San Angelo:

"It is obvious that this age business will change the whole picture."

The jury will hear Vanard Young, the farmer who found the body of Lewis Peterson in a ditch near Brady Aug. 25, County Attorney Evans J. Adkins said.

Sandra admitted shooting the body, but said she was not the one who had given her and another girl a ride out of Brady toward San Angelo.

District Attorney R. P. Haun said Coleman, who will prosecute the case, has been outspoken about his intention to seek the death penalty.

Told about the birth certificate, he said:

"I will have to see it."

Sandra and the other girl, Loreta Mae Moring, 15, of Austin, were arrested in San Angelo a few hours after the shooting. Both were in cowboy garb, and Sandra talked "tough" to reporters.

She claimed to be 23. She was taken to Brownwood to keep her from talking with the Moring girl, who was jailed as a material witness.

Yesterday, they brought her back somewhat subdued, in a pink dress, and changing her age to 17.

Sandra's real name, she said, used to be Sophia Anarogeros. She was born in Somerville, Mass. There, her mother, Mrs. Charles Anarogeros, confirmed this and washed her hands of the wandering daughter.

Sandra says she has wandered over every state in the nation but Oregon. She was sentenced to St. Joseph Industrial School in Dorchester, Mass., in 1946.

Now, her name is Mrs. Maurice Peterson. Sandra claims she married him in New Hampshire in 1948 and they're still married as far as she knows. She saw him last in California in February.

District Attorney Haun gave this description of the shooting:

"The evidence shows that Mr. Peterson got out of his car to retrieve some papers that had blown out and that he was shot when he was getting back into the car."

"It was a surprise to him. He didn't know what hit him until

## Mrs. Mary L. Rogers Is Taken By Death

GALVESTON, Tex., Sept. 1.—(AP)—Mrs. Mary L. Rogers, 75, daughter of the late Col. R. G. Lowe, a former vice president of the A. H. Belo Corp., was buried here yesterday.

She died in Paris, Texas, where she had been living with a daughter, Mrs. Rufus F. Scott.

Her father was vice president of the A. H. Belo Corp., when it published the Dallas Morning News and the Galveston Daily News. The corporation later sold the Galveston paper and moved its headquarters to Dallas.

he was shot. As far as I can determine by the evidence, there was no struggle until after Peterson was shot. He was shot without warning. It was a very cold-blooded business."

As Peterson died, he was robbed of \$50.

District Attorney Logan called Sandra "a tough, hard customer."

"This is a case of flat-out, cold-blooded murder," he added.

ation of the Mexican peso on June 17 this year at 805 to the dollar "is giving the good results we expected. Mining has been able to continue despite a reduction of 40 percent in world mineral prices. Mexican exports have been stimulated, domestic industry has grown."

He said the economic conditions which forced the unpegging of the peso from its 485 value on July 21, 1947, were common to nearly all the world.

Of foreign affairs, Aleman said: "There can be no just and lasting peace while the strong menace the weak. Nor can peace last under foreign domination or under ideological principles contrary to a nation's historic experience."

He defined "imported" so far as Mexico is concerned, as meaning "different from those principles which were born in the Mexican revolution."

Aleman reported commercial treaties are under negotiation with Chile, El Salvador, Honduras, Italy and Nicaragua. Earlier deals were closed with France, Italy and Czechoslovakia.

Under the French barrier deal, Mexico is promised all the oil drilling machinery she needs in exchange for iron ore, silver, copper, henequen, linen, sugar, tobacco, cotton and coffee.

Mexico received a harbor dredge from Holland in exchange for sugar. Exchange agreements are being worked out with England, Argentina and Germany.

The president said industrialization has continued and new domestic products are reaching the market.

The national budget, he said, is balanced. The Central Bank has reduced its discounts as a deflationary measure. The foreign debt has been reduced five million pesos (\$30,000,000). Only two new taxes were imposed—a 10 percent sales tax on automobiles and an excess profits tax.

Of the principal points in his six-year plan to make Mexico self-sufficient, he said 60,000,000 pesos (\$30,000,000) were spent on roads, 60 percent on trunk highways; air, rail and telegraph systems were extended \$24,000,000; 100,000 hectares went to irrigation and 111,000 hectares (275,000 acres) of irrigated land were opened to cultivation; electric power consumption is up to 3,200 million kilowatt-hours; a surplus of corn, rice, cotton, chickpeas and sugar were produced, making Mexico an exporter of these; and that the tourist trade has reached an all-time high with 176,000 foreign visitors in the past year.

He said the Central Bank has reduced its discounts as a deflationary measure. The foreign debt has been reduced five million pesos (\$30,000,000). Only two new taxes were imposed—a 10 percent sales tax on automobiles and an excess profits tax.

## VAUGHAN

Investigation of Vaughan's activities.

To other questions, Mr. Truman said the hearing was held on Capitol Hill and that it would not be continued up here (meaning the White House).

A reporter asked whether he thought Vaughan had got a "fair deal" from the committee.

Mr. Truman declined comment.

Although the committee has dismissed Vaughan as a witness, Senator McCarthy (R-Wis.) said it is just getting started in its inquiry about him.

McCarthy, talking to reporters in advance of the President's news conference, also said that for Mr. Truman to keep Vaughan as his attorney would amount to endorsing not only the "new deal" and the "fair deal" but also "all of Harry Vaughan's deals."

Vaughan himself has indicated that one former White House figure—John Maragon—won't be seen around there in the future.

Vaughan said yesterday that Maragon had said Maragon was his "lovable" friend, but ought to be "furnished" before he re-enters the White House.

The reporter wanted to know what the President thought about that.

It was then that Mr. Truman asserted that the committee hearing was being held at the Capitol and it would not be continued at the White House.

He said that Vaughan would stay on as the President's aide when a reporter asked Mr. Truman if he contemplated any change in army aides.

The President said: I do not.

Vaughan, in a be-daubed summer uniform, was standing behind the President at the meeting with reporters.

One question put to Mr. Truman was whether he had barred Maragon from the White House.

The President replied to it by again saying that the hearings were being held at the Capitol.

"made-up" reports to build up pressure against Tito's government.

Secretary of State Acheson said in Washington that reports of Soviet troop movements near Yugoslavia appear to be part of a "war of nerves."

(The latest denial of unusual doings in central Europe was an Austrian government report that border traffic between Austria and Czechoslovakia was normal. This knocked down a report that the border had been closed.)

The official organ of the Yugoslav government returned to the capital with a Russian report, saying the Kremlin was trying to force Yugoslavia "into an unequal and subordinated position."

The statement was made in an editorial in the Communist paper Borba. The ministry of information released the editorial before publication.

Yugoslavia listed charges against Russia and the United States, including an economic blockade against Yugoslavia, provocation of border incidents, sending spies into the country, and threats against the Tito regime.

The Yugoslav remarks about Tass stemmed specifically from a report that the city of Fiume was in a state of siege because of sabotage. The ministry of information commented:

"It is officially announced that this news is completely made up. It is obvious that the Tass report is a made-up news in the framework of the anti-Yugoslav government campaign and pressure upon this country."

The statement confirmed there had been a small fire in the large oil refinery at Fiume but denied published reports the plant was sabotaged.

## Arrest Is Made In San Antonio Dynamite Theft

SAN ANTONIO, Sept. 1.—(AP)—The sheriff's office said last night a crowbar found in the car of a youth had been identified as that used to gain entrance to a dynamite warehouse robbed Monday night.

An 18-year-old youth was arrested yesterday in connection with the theft.

The Southwest Research Institute identified the crowbar as the one used in prying open a corrugated steel wall at the storehouse. Vandalism was unsuccessful in attempts to blow up both the dynamite storehouse, which contains about 31,500 pounds of explosives, and another storehouse containing 50,000 caps and fuse.

They stole a quantity of dynamite.

## Rent Decontrol Ordered By Woods For Texas Areas

WASHINGTON, Sept. 1.—(AP)—Housing Expediter T. E. Woods lifted rent controls today in three Texas counties and the city of Austin, Texas.

The action came on the same day that rent controls offices throughout Texas were to be finally closed, thus leaving controls only a technicality.

Woods said controls were ended in Austin as a result of requests from the city government and rental advisory board there.

Counties decontrolled were Travis, of which Austin is the county seat, and Williamson and Fays. Woods said they were decontrolled because surveys showed the demand for rental housing there has been reasonably met.

## QUICK MEALTIME TRICKS WITH CANNED MEATS

PRETTY PEPPER SPAGHETTI... Summer buffet meal.

MEAT POTATO SALAD CASSEROLE... Use canned meats.

By CECILY BROWNSTONE  
Associated Press Food Editor

For summer buffet meals, quick style, you can use canned meats to good advantage. There are lots to choose from—luncheon meats, spaghetti and meat balls, corned beef hash, Vienna sausage, chili con carne, tongue, deviled meats, hamburgers, frankfurters, stews, and ham. Only the large canned hams require refrigeration; the other canned meats can be ready and waiting on the pantry shelf.

**Pretty Pepper Spaghetti**  
Ingredients: 2 green peppers, 1 can spaghetti and meatballs.  
Method: Cut peppers in half lengthwise and remove tops and seeds and white membrane. Wash in cold water, then bleach in boiling water. Spoon in a shallow baking dish and bake in a hot (350-degrees F.) oven for 30 minutes.

**Luncheon Meat Potato Casserole**  
Ingredients: 1 twelve-ounce can luncheon meat, 2 tablespoons butter or margarine, 3 tablespoons flour, 1 1/2 teaspoons salt, 2 cups milk, 2 tablespoons diced green pepper, 3 cups (5 medium) cooked diced potatoes.  
Method: Cut luncheon meat in 6 one-third-inch slices; dice remaining. Melt butter or margarine in saucepan over low heat. Remove from heat, blend in flour and salt. Add milk slowly, stirring constantly; return to medium heat stirring until mixture thickens and boils. Add green pepper, diced luncheon meat, and potatoes. Turn into 1 1/2-quart casserole. Top with slices of luncheon meat. Bake in a moderately hot (400-degrees F.) oven about 20 minutes. Makes six servings.

**Luncheon Meat Potato Salad Sandwiches**  
Ingredients: 3 cups (5 medium) cooked diced potatoes, 1 tablespoon finely chopped or grated onion, 1 tablespoon vinegar, 2 tablespoons salad oil, 1 teaspoon salt, 1/2 cup diced celery or cucumber, 1/4 cup diced green pepper, 1/4 cup mayonnaise, 1 twelve-ounce can luncheon meat.  
Method: Place potatoes in a mixing bowl; add onion, vinegar, salad oil, and salt. Toss lightly with two forks so as not to break potatoes. Cover and place in refrigerator to chill. Add remaining ingredients and toss until well mixed. Place 6 slices of luncheon meat on serving platter. Put spoonful

of potato salad on each slice. Top with second slice of luncheon meat. Makes six servings.

# THESE WERE HEADLINERS AS WORLD WAR II BEGAN 10 YEARS AGO TODAY

ADOLF HITLER, Germany's Chancellor, started it all by ordering his troops to invade "aggressor" Poland.

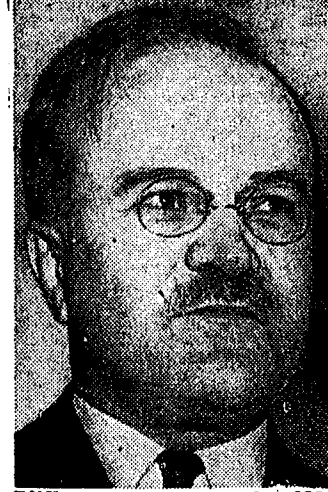

NEVILLE CHAMBERLAIN, Prime Minister of Britain, now was set to fight as "appeasement" failed.

EDOUARD DALADIER, French premier, warned Hitler his country would go to the aid of Poland.

JOACHIM VON RIBBENTROP, Nazi foreign minister, just signed a non-aggression treaty with Russia.

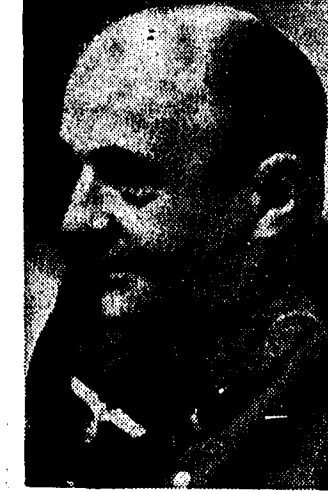

PREMIER VYACHESLAV MOLOTOV of Russia agreed Reds would not join a war against the Nazis.

GENERAL MAURICE GAMELIN headed French army, which experts called the best-trained in the world.

MARSHAL SMIGLEY - RYDZ led Poland's half-million men under arms, promised a prolonged war.

GEN. WALTER VON BRAUCHITSCH commanded forces which soon sliced through Poland.

## Adolf Hitler Took World Into War By Invading Poland Ten Years Ago Today; Dead Estimated At 20,000,000

By ALEXANDER R. GEORGE  
AP News Service Writer

A one-time Austrian paper hanger stepped off the deep end (and took the world with him) on a September morning 10 years ago. Adolf Hitler had started the long feared war in Europe by sending his air force and mechanized armies to blitz Poland. The war, spreading to all corners of the world, became the most destructive in history.

Military and civilian dead were estimated at more than 20,000,000 and the wounded at some 38,000,000. The cost to all participating nations was figured at more than one trillion dollars, this country's share being some \$330,000,000,000. Here's a condensed headline history of the struggle which lasted exactly six years from Sept. 1, 1939, to Sept. 1, 1945.

**1939**  
Nazis invade Poland without declaring war (Sept. 1). Britain and France demand Hitler withdraw troops from Poland (Sept. 2). Britain declares war on Germany (Sept. 3). France enters war next day.

Russian troops invade Poland (Sept. 17) and Reds and Nazis partition Poland. Warsaw surrenders (Sept. 27) and Germany and Russia warn Allies to end war.

Russia attacks Finland (Nov. 30). Roosevelt denounces "wanton" invasion.

**1940**  
"Phony" war on western front—French soldiers loaf behind "impenetrable" Maginot line while German work gangs strengthen Westwall.

Russians crack Mannerheim line (March 2). Finns sue for peace. Nazis suddenly invade Denmark and Norway (April 9). British, landing in Norway, routed by Germans.

Nazi "lightning" hits Holland, Belgium and France (May 10). Holland conquered in five days. Italy joins Germany in war on France. In 40 days Hitler pushes "democracy's" defense frontier from the Rhine to the English channel.

Germans launch all-out air attack on Britain (Aug. 8). U. S. registers 16,500,000 for selective service (Oct. 16). Italian soldiers invade Greece (Oct. 27) but are driven off Greek soil.

**1941**  
British rout Italians in North Africa (Jan. 5). Germans invade Yugoslavia and Greece (April 6). Nazi tanks crushing resistance. Hitler loses surprise attack on Russia (June 22). Nazis smash Stalin line, move toward Kiev, Moscow and Leningrad. U. S. occupies Iceland bases (July 7).

Roosevelt and Churchill frame Atlantic Charter (Aug. 22). Hitler announces Russia "is defeated, will never rise again" (Oct. 3) but Russians halt Nazis at gates of Moscow (Nov. 12).

Japanese make sneak attack on Pearl Harbor (Dec. 7). Congress declares war on Japan; Germany declares war on the U. S.

General MacArthur leaves Philippines for Australia, promises to return (March 17). Japanese capture Carligor (May 6). More than 1,200 British planes bomb Cologne (June 1).

U. S. Marines land at Guadalcanal (Aug. 19), first step on the road to Tokyo. Suez Canal saved as Montgomery routs "Desert Fox" Rommel in tank battle at El Alamein (Oct. 24).

U. S. and British forces stage big invasion of North Africa (Nov. 7). MacArthur's men take Buna, New Guinea (Dec. 14). Russian drive toward Rostov cuts off 22 Nazi divisions behind Stalingrad (Dec. 27).

**1943**  
Russians break siege of Leningrad (Jan. 18), report victory at Stalingrad (Feb. 2). Americans

and British mop up Germans in Africa (May). Allies invade Sicily (July 1). Italians depose Mussolini (July 25). Allies invade mainland of Italy (Sept. 9), and Italy surrenders (Sept. 9).

Marines land at Tarawa (Nov. 21), capture Gilbert Islands. Brenen bombed by 500 U. S. planes (Nov. 27). Roosevelt, Churchill and Stalin meet at Teheran, agree on European invasion plans (Dec. 3).

**1944**  
Marines and army troops land at Kwajalein in the Marshalls (Feb. 1). U. S. planes attack Berlin (March 4). Russians capture Odesa (April 11). D-Day—American, British and Canadian troops seize Normandy beaches in biggest water-borne invasion of all time (June 6).

U. S. troops land on Saipan in Pacific (June 15). Allies break out of Normandy beachheads, routing German arm-Allies enter Paris (Aug. 26). Des (July 25).

U. S. navy wins biggest battle in its history, crushing Japanese sea power in second battle of the Philippine sea (Oct. 24-25).

U. S. launch 300-mile wide offensive on western front (Nov. 16). Allies suffer setback in "Battle of the Bulge."

**1945**  
Allies smash German line, regain many miles in "the Bulge" (Jan. 20). U. S. Third army smashes through Siegfried line (Feb. 5). Russians reach outer defenses on Berlin (Feb. 7).

U. S. Marines land on Iwo Jima (Feb. 19). U. S. First Army crosses the Rhine on Remagen bridge (March 7).

B-29s set great fires in Tokyo (March 10). U. S. troops invade Okinawa (April 1). American and Russian forces meet on the Elbe river (April 27). Russian flag raised over shattered Reichstag building in Berlin (April 30). Berlin captured (May 2). German radio in Hamburg reports death of Hitler in Berlin.

V-E Day—Germany surrenders (May 8). U. S. warships and planes smash at Japanese cities (July 10). Atomic bomb dropped on Hiroshima (Aug. 6). Russia declares war on Japan (Aug. 8). Atomic bomb dropped on Nagasaki (Aug. 9). V-J Day—Japan sues for peace; formally surrenders (Sept. 1).

## Ruth Roman Is Unable To Locate Hollywood Wolf

By HOWARD C. HEYN  
(For Bob Thomas.)

HOLLYWOOD, Sept. 1.—(AP)—The famed Hollywood Wolf is just a meek little lamb, if you want to believe Ruth Roman. Ruth is a sheek for a date.

"I've lived here for years," the little daughter, Mary, of actress said on the "Always Leave Spring Hill spent last week end with the H. C. Cates family.

"The rest of the country thinks female stars ride a constant merry-go-round of nightclubs and parties. I know a lot of leading ladies who sit at home night after night because nobody asks them for a date."

Filmland escorts, Miss Roman opined, must be twiddling their thumbs rather than their muscled, and wishing they had nerve enough to call. Or maybe Miss Roman just doesn't know the wrong people.

In any event, ravishing Ruth poses a question, perhaps with an eye to the future:

"How is a girl to get married? Assuming she finds a man, who wants to reform a lamb?"

Dan Duryea, who takes his heels seriously, is visiting psychiatrists the better to portray screen villain. He says he has learned, for instance, that women who pay money to see him slap other women around, aren't necessarily neurotic. Seems it's a normal family.

## BOYLE'S Column

NEW YORK, Sept. 1.—(AP)—It is ten years ago today since Adolf Hitler plunged the world into its first trillion-dollar war.

No paperhanger in history ever messed up a place more.

Remember? Millions of people heard the broadcast of the fateful speech to the Reichstag in which Hitler told the German people their troops had marched into Poland.

It gave a shivery feeling. The fiery emotionalism of the little

man seeped through his alien tongue into the hearts of listeners in many lands. The hall in which he spoke was hung with scarlet banners, for red is the color of war. And the hall shook with bursts of massed applause—as if led by invisible cheerleaders. It was like something out of the middle ages.

Exactly 2,074 days later the returns from Adolf's speech were in. His Reich and many other countries were in ruins. Some 22,000,000 men, women and children had been killed, including Fuehrer Hitler and his arch-buddy, Benito Mussolini, who ended the war hanging by his heels beside his Mistress.

dead and bleeding. Some 34,400,000 had been wounded. Some 34,400,000 had been wounded.

It was the biggest jackpot of all time for Brother Mars. He had rung up \$1,116,991,463. on his cash register and about \$230,000,000,000 in property damage. This doesn't even include the cost in money and damage of the long war in China, which is still in flower.

The United States picked up the biggest part of the check—\$330,030,463.084—and it is still picking up the checks.

What does it all add up to? Well, the Germans are still sorting bricks from the rubble of their cities, and will be for years. They are bystanders now. But the chief

issue raised by Hitler is still undecided—freedom or tyranny, the oldest issue on earth and never settled.

War didn't even dent the global population. Wars never do that so well as a good long plague. It is a tremendous tribute to the imperishable vitality and optimism of the human race that it has gone on having children like mad. There are some 2,300,000,000 people in the world. More than ever, and some 150,000,000 dwell in America—more than ever.

### PAYING TRIBUTE

We like to gather, now and then,  
 In groups at banquet tables gay.  
 And in the gracious way of men  
 A tribute to a comrade pay.  
 Titles and fortunes are forgot  
 Until the happy evening ends.  
 Then, differing viewpoints matter  
 not.  
 Humble and great are there as  
 friends.

They may be rivals through the  
 day,  
 But all the things which men  
 divide  
 And cause them bitter things to  
 say  
 Are for the evening put aside.  
 They meet as friends a friend to  
 cheer.  
 Good wishes come by mail and  
 wire.  
 There's none in all the room to  
 sneer  
 At him they honor and admire.

How much his life has meant, they  
 say.  
 The good that he has done, they  
 tell.  
 Summed up, the tributes that they  
 pay  
 Are this: that he has labored  
 well.  
 No bickering word, no frowning  
 lip!  
 No scorn of caste or creed or  
 clan!  
 Just men who join in fellowship  
 In tribute to a fellow man.

to be more sound, more in-  
 teresting, and above all they  
 want the study of the past  
 to influence for the better  
 the action of today.

### POSSIBLE SETTLEMENT

When a settlement is  
 reached in the conflict with  
 Russia, what lines will it fol-  
 low? Prof. Frederick L.  
 Schuman of Williams Uni-  
 versity summer school confer-  
 ence that a likely outcome  
 would be a compromise, by  
 which Russia would keep its  
 gains in Eastern Europe, and  
 our front in Western Europe  
 would likewise remain in-  
 tact.

This hardly seems like an  
 ideal settlement, especially  
 for the Letts, Estonians,  
 Lithuanians and others who  
 have been swallowed up by  
 the Soviet Union against  
 their will. But the ideal set-  
 tlement is bound to be a com-  
 promise of some kind. Re-  
 membering that point may  
 help to make settlement  
 come more quickly.

### THE GERMAN ELECTIONS

Westerners observing the  
 elections in Western Ger-  
 many have been pretty busy  
 congratulating themselves  
 on winning a new European  
 elective victory over the  
 Communists. A more skepti-  
 cal attitude might be ap-  
 propriate.

The present generation of  
 Germans, as a national peo-  
 ple, has been noted neither  
 for stupidity nor for enthu-  
 siasm endorsement of West-  
 ern Democracy. The West-  
 ern Powers have been quite  
 frank in their favor of cer-  
 tain German political parties  
 and their dislike for others.

Is it strange that the Ger-  
 mans, who must anticipate  
 an indefinite period of occu-  
 pation, voted heavily for the  
 parties which bask in the fa-  
 vor of the occupying pow-  
 ers? It would be a costly mis-  
 take to assume that the elec-  
 tion results mean the Ger-  
 man people have cast Com-  
 munist aside in order to  
 take Western idealism to  
 their bosoms.

The German voters have  
 simply chosen the easy road.  
 They may well hope that the  
 conditions of the occupation  
 will be more pleasant under  
 German officials approved  
 by the occupying powers.  
 Probably they will be. They  
 may also hope that the vigi-  
 lance of the Western Pow-  
 ers will be relaxed. We  
 should see to it that this  
 hope is not realized.

### FREE PRIZES FOR ALL

There is disillusionment  
 for those who have hoped  
 that either the radio indus-  
 try or the Federal Commu-  
 nications Commission would  
 end the rash of giveaway  
 programs. The Commission  
 has indeed concluded that  
 the radio giveaway is illegit-  
 imate, and its forthright rul-  
 ing takes effect just as soon  
 as 1952 rolls around. Spokes-  
 men for the industry have  
 given notice that they will  
 fight to the end, and expect  
 to be able to delay any real  
 action for years.

The position of the radio  
 industry is not quite sound.  
 It is that as so long as people  
 listen to the giveaway pro-  
 grams the industry will con-  
 tinue to produce them. This  
 position has the same un-  
 soundness as that support-  
 ing gambling plunges for  
 the benefit of worthy causes,  
 theater bank nights, and  
 the toleration of commercial-  
 ized gambling. The radio  
 giveaway is an exploitation  
 of the "something for noth-  
 ing" urge which underlies  
 all gambling. It is subtle as  
 well as its more obvious  
 forms, gambling destroys  
 some of public morals where-  
 ever it flourishes, and radio  
 is everywhere.

Radio is not helping its  
 fight for greater freedom  
 from government restraint.  
 The industry has here a  
 chance to demonstrate re-  
 sponsibility, but it seems  
 bent on going in the oppo-  
 site direction.

### ILLEGAL THOUGHTS

It is proper for law to regu-  
 late man's acts, and punish  
 him for illegal ones. But it is  
 not proper to delve into his  
 thoughts, and punish him for  
 them. Such is the gist of a  
 Maryland circuit court opin-  
 ion invalidating a new anti-  
 subversive law which went  
 into effect in the state a few  
 months ago.

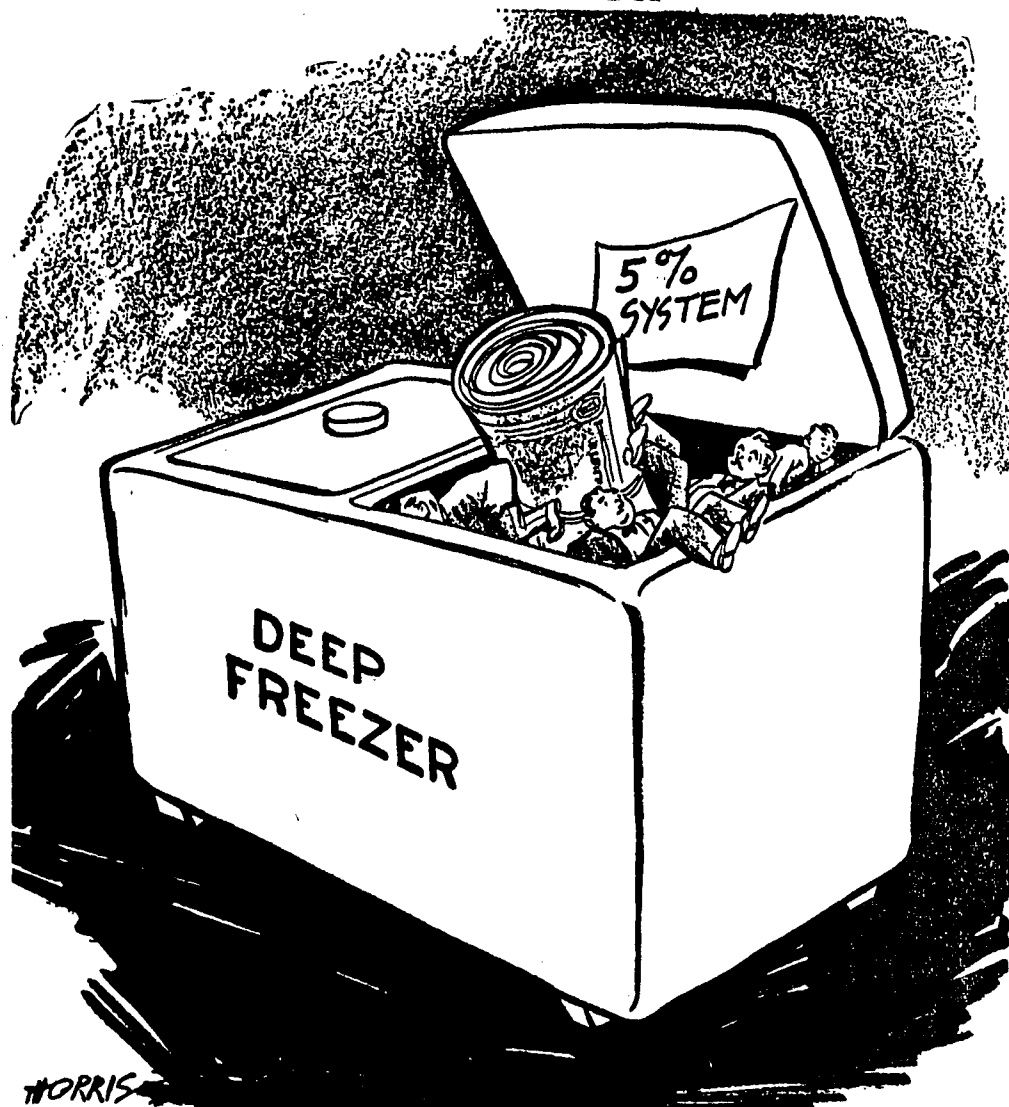

The Maryland law does

what many persons have ad-  
 vocated doing on a national  
 basis; it sets specific crimini-  
 al penalties for engaging in  
 subversion, and for simply  
 being a member of an organi-  
 zation found to be subver-  
 sive. This, says a Maryland  
 judge, is an intrusion into  
 the realm of ideas, political  
 beliefs, and opinions.

There is no eternal debate  
 over the question whether  
 present laws are adequate to  
 deal with the dangers offer-  
 ed by such doctrines as Com-  
 munist, which is usually the  
 target when subversion is  
 discussed. Probably there is  
 no answer to the question  
 until a persistent, earnest ef-  
 fort has been made to attack  
 the problem of danger from  
 Communism through the in-  
 telligent application of exist-  
 ing laws. Until that has been  
 done it cannot be said with  
 assurance that there is any  
 need for new laws. If such  
 need should be established,  
 then there comes the ques-  
 tion whether it is possible to  
 make laws dealing specific-  
 ally with Communism with-  
 out going beyond the proper  
 limitations of democratic  
 law.

As a matter of fundamen-  
 tals, democracy was not  
 achieved by making a lot of  
 laws. It was gained by fight-  
 ing desire of individuals to

## THE PLACE FOR IT

## Machine Is Used In Ellis County To Pick Cotton

A mechanical cotton picker is  
 working in Ellis county on the  
 A. A. Adams farm nine miles  
 southwest of Ferris. The machine,  
 measuring 12 1-4 feet high, 9 feet  
 wide and 16 feet long, cost \$8,000.  
 Adams said: "It's picking a  
 bale every two hours. It's doing  
 the job of 20 hands, and I've seen  
 lots of hand pickers leave a field  
 in worse condition than it's do-  
 ing."

Called a "spindle-type" machine  
 by the implement trade, the trac-  
 tor-borne picker operates by strad-  
 dling a cotton row. As it moves  
 slowly along, 600 barbed pegs—  
 spindles—pass over the stalk and  
 pull seed lint from bolls.  
 Rubber doffers, or fingers, re-  
 move the cotton from the spindles  
 in a stream of compressed air.  
 The air cleans the cotton by blow-  
 ing it into a grate and then  
 drops it into a huge basket. When  
 the basket is full, about one-half  
 a bale, a hydraulic lift tilts it  
 and spills the cotton into a truck.  
 Adams said he figured bits of  
 bolls and leaves left in the cotton  
 by the picker would lower the  
 lint one grade—from strict mid-  
 dling to middling.

## Clint Floyd Is Voted Honors On Kerens Ball Club

Clint Floyd, son of Mr. and Mrs.  
 C. P. (Red) Floyd, former Corsi-  
 cana residents, resolved a gold  
 baseball for the "Most outstanding  
 man on the Junior Bobcats base-  
 ball team at Kerens for the past  
 season."  
 The award was voted by his  
 teammates.  
 Young Floyd was a member of  
 the Sam Houston School in Corsi-  
 cana before moving to Kerens two  
 years ago.

## W. A. Chaffee Under Knife Wednesday

W. A. Chaffee, local railroad  
 employe and prominent Odd Fel-  
 low, underwent an emergency op-  
 eration at the P. and S. Hospital  
 Wednesday.  
 Chaffee is grand patriarch,  
 Grand Encampment of Texas, and  
 is a general in the Canton, Pa-  
 triarchs Militant, IOOF. He be-  
 came ill shortly after returning  
 home Tuesday night from a ban-  
 quet in Tyler honoring C. M.  
 McLaughlin, Tyler, grand master  
 of Texas, IOOF.

## Lightning Bolt Damages House Early Wednesday

The house occupied by Mr. and  
 Mrs. B. V. Fuller, 2504 West  
 Eighth avenue, was considerably  
 damaged at 4:30 a. m. Wednesday  
 when struck by lightning.  
 Light fixtures were knocked  
 from the walls and ceilings, a ra-  
 dio was burned out and a large  
 dresser mirror was broken. A hole  
 was also knocked in the roof.  
 Mr. and Mrs. Fuller escaped in-  
 jury although they were showered  
 with broken glass when the elec-  
 tric light fixture over the bed in  
 which they were sleeping was shat-  
 tered by the bolt.

"You should see our house", Mrs.  
 Fuller said. "Floors in every room  
 are covered with broken glass from  
 the shattered light fixtures. It sure  
 did a lot of damage."  
 The loss was covered by insur-  
 ance.

Rainfall of .15 of an inch accom-  
 panied the early morning electrical  
 storm.  
 Power service in some portions  
 of the city was disrupted for a  
 short time.

### EVIL A CHALLENGE TO GODLY; SOCIAL JUSTICE THE ANSWER

No Easy Explanaton For Existence of Evil—But God's Purpose Plain That The Righteous Are To Fight It—Faith In Divine Justice The Great Sustaining Power.

By WILLIAM T. ELLIS and EARL L. DOUGLASS.

How can a good God stand for what is going on in the world today, and still keep His job as God Almighty? Was the human race ever before the victim of such a wickedness as dominates it today? Millions are crying out for the intervention of God in the world's affairs, yet apparently there is only silence from heaven. Evil often runs its course with impunity; righteousness, by its seeming inability to cope with it, seems futile by comparison.

A Perennial Issue.

The perennially flourishing condition of evil has always been particularly frustrating to the Christian. If God is omnipotent, some philosophers have pointed out, then He must have created evil, and the evil man is evil because God made him so. If this were true, one might ask, with entire consistency, why fight against evil if it is part of God's plan? It will always be in the world and there is nothing we can do about it. If, to escape such a dilemma we assume that evil exists independent of God, then we are compelled to admit that God is not omnipotent—and this confounds the most basic tenet of our faith.

Indeed, why evil exists in God's world and why evil men so often prosper while the good suffer is almost an insoluble problem to our weak human understanding. But there is an answer—although a hard one to accept—and the Psalmist in the Sunday school lesson of this week expresses it well:

"Wherefore should I fear in the days of evil, When iniquity at my heels encompasseth me about?... God's strength in the congregation of the mighty, He judgeth among the gods." In other words, put the temporary success of evil out of your mind and remember that God will judge. We probably never will know why God permits the existence of evil, but of this much we can be sure: God is just, and the wicked will be judged as they deserve. Why should the wealth of racketeers and political bosses distress us? Is there danger that the fabulous wealth of successful Hollywood headliners will excite our envy? If we believe in God at all, we know He is the incarnation of justice, and the tremendous possessions of the worldly will turn out to have been dearly bought indeed. Our Psalmist reminds us that God's thoughts are not our thoughts, nor His ways our ways. We need His quiet faith that our times are in the hands of an Omnipotent Deity, who is also our Father. All else may change, but His nature changes not. So we must enter into the patience of God.

But this does not mean that we should regard evil with complacency and do nothing to combat it. On the contrary, the second Psalmist cited in today's lesson lays out a positive program by which the godly must grapple with evil. "Judge the poor and fatherless, Do justice to the poor and destitute. Rescue the poor and needy..." Translated into contemporary realities, this means that the Christian should devote himself to organized programs of social betterment. Ours is a tidal time. Vast social and political changes are swelling to a flood. Therefore it is a challenging era. We must plan in terms of a whole new

### Albuquerque Adds To Lead Without Playing Game

By the Associated Press.

The Albuquerque Dukes didn't get to play last night in the West Texas-New Mexico league but added a half-game to their lead anyway.

High winds caused postponement of Albuquerque's clash with Borge. Meanwhile runner-up Lamesa lost to Pampa 4-1 and third-place Abilene took it on the chin from Lubbock 6-2.

George Payte pitched six-hit ball in bringing Pampa its win.

Pitching also told the story in Lubbock's conquest of Abilene. Charley Willis scattered eight hits well.

Amarillo and Clovis split a double-header. Bob Moniz homered in the last of the seventh to give Clovis a 5-4 win in the first game.

Doug Lewis doubled in the fifth to drive in two runners to bring Amarillo a 3-2 decision in the nightcap.

### Umpire Stricken At Frost Dies

Funeral services for William W. (Buck) Harvey, 59, of Brandon, who died in a Waxahatchie hospital Tuesday, were held Wednesday afternoon from the Brandon Methodist church. Burial was in the Brandon cemetery.

Long prominent in Brandon sports circles, Harvey suffered a heart attack Monday night while umpiring a baseball game at Frost.

Surviving are his wife, a daughter, two brothers, three sisters and two grandchildren.

The Navarro county teachers institute opened here with 275 instructors in attendance. County Superintendent J. M. McClung was in charge of the institute, assisted by his committeemen and officers. W. V. Harrison was general chairman and O. S. Hellums, general secretary. The committeemen were J. J. Hendricks, E. L. Brimberry, Miss Mabel Mabry, Miss Alma Fannin, S. D. Rattan and R. A. Lively.

The hunting season for doves opened this morning. C. J. Spornitz and W. H. Patterson reported an initial bag limit of 15 doves each, which they shot this morning near Beaton Lake.

County Agent H. Gentry reported that the cotton crop of Navarro county was about 20 per cent below normal this year. The late season had reduced the stand in many sections, and dry weather favored the encroachment of grasshoppers and leaf worms.

Mr. and Mrs. M. E. Woodrow and daughter, Dorothy, were in the Lake Shore Limited train wreck near Savannah last Saturday, but were not injured.

### U.S. Regarded As Well Supplied In Tennis Talent

FOREST HILLS, N. Y., Sept. 1.—(AP)—This country is fortified with enough young tennis talent to insure its success in international competition for years to come.

That's the opinion of Alrick H. Man, Jr., captain of the U. S. Davis Cup forces, a steady customer at the National Tennis championships here this week.

High up on Man's list of future Davis Cup hopefuls are Tony Trabert of Cincinnati, Art Larsen of San Francisco, Vic Seixas of Philadelphia and Buddy Benfens of Fort Lauderdale, Fla., Hugh Stewart of San Marino, Calif., Charles Devos of Indianapolis, Sam Match of Los Angeles and Straight Clark of Pasadena, Calif.

Of that group, only Larsen and Match, both seeded, were still in the running for the National singles championship as the tournament moved into its fourth day. But all have given a good account of themselves.

Match led Granni Cucelli, Italian champion, 6-0, 7-5, 4-1, when rain halted all second round play yesterday. Clark ran Defending Champion Pancho Gonzales ragged before bowing out, 6-4, 7-5, 7-5, just ahead of the rain.

### Senators Approve Falcon Dam Bill

WASHINGTON, Sept. 1.—(AP)—The senate foreign relations committee approved a bill to authorize negotiation of a U. S.-Mexican agreement to build and operate a hydro-electric plant at Falcon Dam on the Rio Grande.

Chairman Tom Connally (D-Tex.) made the announcement yesterday. This sends the measure to the senate. Estimated construction cost—\$12,650,000—and the power would be divided between the two nations.

# Downward Unemployment Trend Is Indicated For Navarro County

A brighter local labor situation is pictured for Corsicana and Navarro county according to the monthly report issued today by W. B. Reedy, local director of the Texas Employment Commission.

The report indicates Corsicana and Navarro county's unemployment list began its annual downward trend during August. At the end of the month the active file showed a total of 1,054 unemployed persons. This is 323 less than the 1377 figure of Aug. 1. The total includes 243 females and 469 veterans.

New applications for employment also dropped from the previous month, as did claims for unemployment benefits. Total claims for unemployment benefits dropped to 801 for the month of August. The year's peak was reached in May, when a total of 2,211 were filed at the local office. Unemployment benefit claims for the past four months were as follows: May 2,211; June 1,493; July 1,292 and August 801.

Reedy said job openings became more plentiful during August as the annual cotton harvest started. He said the local office was swamped with calls from Navarro county farmers who were seeking cotton picking crews ranging in size up to 100 pickers.

"The last two weeks of August, with its blazing Texas sun, brought early maturity to the cotton and opened much of the county's crop," he said.

Reedy said demands for pickers came from every section of the county simultaneously. At the end of the month, the situation

had been relieved but slightly as more and more of the local populace became interested in the harvest and the lucrative pay available for heavy-duty pickers.

The local director said a few in-migrant pickers were noted in the county, principally from counties to the east and southeast, where less cotton is grown.

"Only a handful of Latin-American, or South Texas Mexicans, ventured this far at the end of the month, although much effort was made to get them headed this way," Reedy said.

Reports reaching the local employment office from the state office in Austin indicate the northward movement of these migratory workers has not begun with much momentum, and will no doubt be delayed another week or 10 days because of the bumper crop yet to pick in the upper Coastal Bend section of the state, and the heavy cotton production to the south of Navarro county.

Reedy's report stated non-farm jobs became more plentiful, and placement activity by the local office practically doubled that of July. One hundred and 94 applicants were placed in August, as compared to 94 in July. About one-third of the August placements were temporary.

The report indicated agricultural demands led the list in August and was followed by building and construction, including highway and road construction, and miscellaneous work such as pipeline, maintenance and repair. Reedy said the upswing should continue, or at least hold its own, for the next 60 to 90 days.

Retail and wholesale activities showed definite signs of improvement, the report stated. Manufacturing dropped below that for July. A further reduction by Bethlehem Supply Co. kept manufacturing from holding its own with last month, according to the report. Tex-Sun Glove Co. and Texas-Miller Products Co. increased some over the July level.

Cotton ginning, cotton compressing and cotton seed processing all contributed much to the improved labor picture during August. These industries are expected to reach their peaks in mid-September. The county's 28 cotton gins

were all busy at the end of the month, and probably will continue at full speed for the next 40 to 50 days.

The report says the forecast for the next 60 days promises much improvement in the local employment picture, although the post-war low of 476 active applications for work, reached at the end of September, 1948, may not be duplicated this season.

Reedy said, "The reason for this brought in by the bountiful cotton assumption is that during 1948, crop, and the other pay-roll monolocal manufacturing was at its peak in nearly every local plant, while at present this activity is off by about 500."

"Many of the skilled workmen are seeking employment in their particular field, and are not available for cotton harvest-

ing. A few of the skilled workmen are finding jobs elsewhere. Such jobs, however, have been on the wane for the past several months in other manufacturing centers.

Wholesale and retail activities, already on the upward trend, should get into high gear within the next few weeks, Reedy predicted.

"The circulation of new money ready with new merchandise and ample stocks and are offering many items which previously were not available in sufficient quantities."

## Bob Woodruff Of Baylor To Speak At Dads Club Picnic Friday Night

Bob Woodruff, youthful coach of Baylor University Bears at Waco, will be the featured speaker at the annual barbecue party of the Corsicana Dads' Club at Camp Wanica Friday night, it was announced today.

Jack Sisco, who is in charge of program arrangements, made the announcement Tuesday morning.

As far as is known, it will be the first official appearance in Corsicana of the mentor whose arrival at the Baptist school gave Baylor fans renewed hope of a place in the sun in the dog-outdog Southwest conference football conference.

Tickets to the barbecue and program, scheduled for 7:30 on Friday night, Sept. 2, at Camp Wanica, have been on sale in the

hands of Dads' Club members and Corsicana merchants for a week. Dads will remain on sale downtown until Thursday afternoon at 4 o'clock at the Navarro Coffee Shop. However, tickets may be bought at the gate to Camp Wanica up to the time the program begins on Friday night. Dads' Club officials said.

The Corsicana Tigers, now in the midst of a week of training at the camp, will be on hand for the program Friday night.

Head Coach Boyd Payne and Assistant Coaches Otis Pederson and Garland Matthews will be included on the program, giving a resume of the Tiger material and the prospects for the coming high school season in this district.

Other program arrangements are to be announced Wednesday.

## Mildred WMU Met Monday Afternoon

"Love Thy Neighbor As Thyself" was the subject of the devotional brought by Mrs. Ed Land at the regular session of the Mildred WMU at the church Monday afternoon.

The service was opened with a song service directed by Mrs. R. M.

Martin, president, while Mrs. Lee Buck offered the opening prayer. Plans for a church booth at the fair were made during a business session.

Mrs. Enos Hutson dismissed the meeting with prayer. A large box of gifts were delivered to Mrs. Beatrice Gullatt by Mesdames Martin and Land from the church and WMU. Mrs. Gullatt is ill.

## Norton Vinson Funeral Rites Held On Tuesday

Funeral services for Norton Vinson, 29, aviator and mechanic at the Municipal Airport here, who was fatally injured in a plane crash Sunday, were held Tuesday afternoon at 2:30 o'clock from the Corley Funeral Chapel. Burial was in Oakwood cemetery. The rites were conducted by Rev. Jack Goff, pastor of the North Side Baptist church, assisted by the Rev. Obie Barton, pastor of the Fellowship Baptist church.

Vinson's biplane crashed on the jumpy race track west of Corsicana as he was stunting prior to the opening races, according to witnesses. He was pronounced dead upon arrival at the P. and S. Hospital. Several hundred saw the crash. The plane was demolished.

Surviving are his parents, Mr. and Mrs. W. A. Vinson, and grandparents, Mr. and Mrs. J. B. Pharris, all of Corsicana.

Vinson was a mechanic at Corsicana Field, Air Activities of Texas, during the war and continued at the municipal airport after the primary training school here was closed.

Funeralbearers were Oscar Patterson, Buddy Eason, Harry Bruton, Glen Cumble, Cleo Renfrow and J. W. Dunlap.

## Lack Of Reserves To Be Main Laddie Football Problem In Coming Season

The State Home Laddies, with only three returning 1948 starters in the lineup and nine returning lettermen, are going through intensive workouts nightly at Garlity Field in preparation for the defense of a double title won last year.

With every team in the recently-increased district aiming for victory over the victorious Laddies, Coach Doyle Waller will have his hands full, even with a strong crew returning from 1948's wars.

As it is, the Laddies will lack reserves, but in the tradition of scores of Green and White teams before them, will be hard to handle by any team in the 20-B loop.

Roger Perona, a wing-footed little wrath who flits through the opposition at the least provocation, is one of the returning veterans, and is running at first-string right half in workouts at present.

Another veteran is Macca Lawrence, who held forth in convincing fashion at end last year. Shifted in to backfield a few days ago, Lawrence is alternating with Perona in giving the Laddies a more-than-adequate ground game.

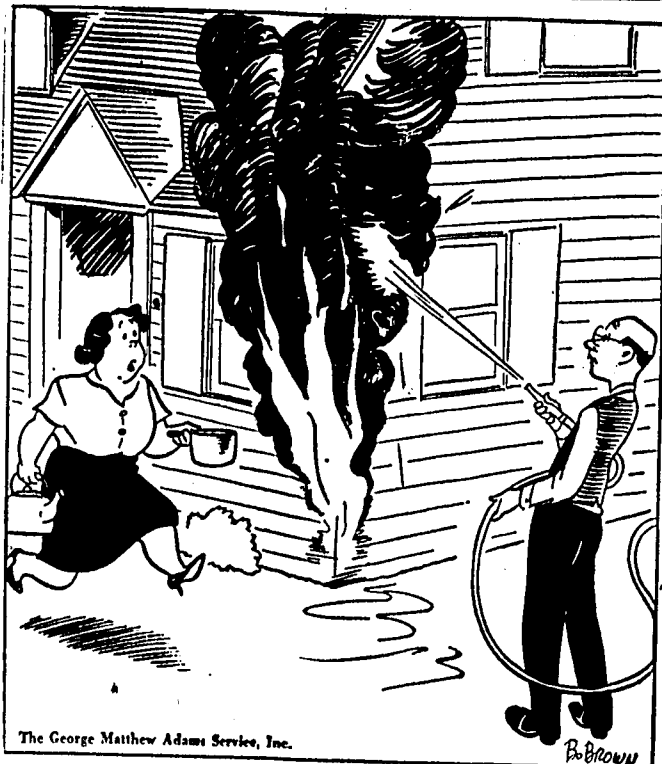

The third starter is Center Dolphus Darnell, who played the pivot spot last year, and who is far and away the first choice at the position this year.

Coach Waller said Wednesday that Tommy Gordon, last year's quarterback, and Glyn Canaday, a letterman back, are no longer with the team. Loss of both of these boys is a blow, but Waller was carrying no long face Wednesday.

"We'll do the best we can with what we have," Waller said. One glance at the squad in action is enough to prove that that will be enough.

At present James Foster is running at the quarterback post, and doing a fine job of it. Billy Cannon will alternate with Foster at the mauler spot.

Huey Rush, who did not letter last year, is alternating with Jack

## Record Number Of Vacation Bible Schools Are Held

A record number of 50 Vacation Bible Schools were held in the Corsicana Baptist Association this summer, according to final reports received. A total of 3,187 boys and girls from Navarro communities attended these sessions with an average attendance of 2,608.

Interesting statistics include: Average cost per school, \$34.64; total mission offering, \$297.85. Each of the 23 Baptist churches in the association held schools this summer and along with the association sponsored 27 mission schools. A total of 147 conversions were reported.

A recent communication from Andrew Allen, Texas Sunday School head, stated:

"No Association in Texas has done a more effective work than Corsicana. I am thrilled over this marvelous accomplishment."

Mrs. William Evin, association Sunday School superintendent, Mrs. Jack Bargett, Vacation Bible school promoter; four paid workers and volunteers carried on the work this summer.

A clinic or school of instruction was held at the beginning of the season. Local college and school students were used throughout. The paid workers were Rev. Joe Poe, pastor of Calvary Baptist church; theological student and committed missionary to Africa; Miss Barbara Flood, student at Mary Hardin-Baylor College, and a declared medical missionary to Africa on completion of training; Misses Dorcas Montfort and Margaret Johnson, 1949 high school graduates and enrolled for the fall semester in Baylor University.

Valuable assistance was given by the following voluntary workers: Misses Helen Hutton, Mary Lee Abbey, Billie Deen Abbey, Bobbie Green and Shirley Norwood, and Levi Giles, Corsicana students and members of local Baptist churches.

## Odd Fellows Home Pilgrimages Will Be Held Sunday

Hundreds of Odd Fellows and Rebekahs from all sections of Texas are expected to visit the Homes in Corsicana and Ennis Sunday in connection with the observance of the annual pilgrimages the first week in September. Programs are slated at both institutions.

The program at Corsicana begins at 11 a. m. Sunday with J. I. Elliott, member of the board of trustees, as master of ceremonies. M. M. Madison, Sweetwater, chairman of the board, will welcome the visitors.

A special program will be given by the children of the Home, directed by Mesdames L. A. Rutherford and M. S. Cook, music and fine arts teachers.

Rebekahs at both Corsicana and Ennis will sell sandwiches while the students of the Home here will have charge of the cold drink concessions.

Tables will be provided on the campuses of both Homes to receive

## Abb Soape, Jr. Rites Are Held Here On Tuesday

Funeral services for Abb Soape, Jr., 31, of Corsicana, who died Monday in McCloskey Veterans Hospital at Temple, were held Tuesday afternoon at 4 o'clock from the Griffin Funeral Chapel.

Burial was in the Hamilton cemetery. The rites were conducted by Rev. Lester Morris of Baytown.

Surviving are his wife, Mrs. Opal Soape; a daughter, Diane Soape; parents, Mr. and Mrs. Abb Soape, Sr., all of Corsicana, and a sister, Mrs. Valton Martin, Mt. Pleasant.

Pallbearers were J. C. Mann, Morris Bodily, Joe Daniels, S. H. Ford, Joe Seale, Billy Joe Allen, M. F. Reed and J. L. Stewart.

**Ill Seaman Taken To Hospital By Corsicana Pilot**

Lt. Eugene E. Rice, a C-57 pilot, son of Mr. and Mrs. E. C. Rice of Corsicana, recently completed an emergency air evacuation to pick up a seaman who had suffered an attack of acute appendicitis aboard the destroyer USS Glencon in the Caribbean area, according to a clipping from "The Caribbean Breeze."

The Corsicana pilot landed on a field on St. Thomas Island without benefit of lights after dropping magnesium flares, took the stricken seaman aboard and transported him to San Juan, Puerto Rico, where he underwent an emergency operation.

## Vandergriff Won Close Decision Vs Mustang Team

Vandergriff Motors of Dallas annexed the first double elimination softball tournament in Corsicana Softball Association history with a 1-0 victory Wednesday night over the Mustang Sheet Metal No. 1 team at Territo Park.

The Vandergriff nine took \$500 in prize money as first place winner, with Mustang getting \$250. Alcock won a pitching duel with Ferguson of the Mustangs. He gave up 3 hits to Ferguson's 2, but managed to whiff a total of 12 batters to give the Vandergriff crew a pitching edge.

The lone run of the contest came in the top of the fifth. Starnes led off by fanning, and Bowers drew a walk. Alcock attempted a sacrifice, but no one covered first and he was safe, giving Vandergriff two men on the sacks with one out.

Bowers then tried to steal third, but a quick throw from Cole to Young at short got him out. Alcock made it to third shortly after on a passed ball. Ferguson then drew a walk, setting the stage for the score. It came on a double steal, and Groves dropped the ball allowing Alcock to score. Whatley filed out to retire the side.

Mustang went hitless for four full innings. In each of the remaining three innings, Mustang players got hits, but Vandergriff bottled them up on the base paths and prevented an effective rally from getting started.

The game Wednesday night wound up the softball season at Territo Park, so far as organized games are concerned.

## Woodbine Wildcat Starts Drilling In Navarro Area

Coffield and Guthrie, Inc., started operations today on a new Woodbine sand wildcat well about a mile and a half southeast of Navarro in Navarro county. The well is to be called the No. 1 R. E. Tatum.

The exact location of the well is 330 feet out of the northeast corner of a half southeast quarter of a 106 acre tract owned by R. E. Tatum, in the Wilson Reed survey.

The well is being drilled on the Ben G. Barnett block, supporting the test are T. C. Shaw, Fort Worth, and others, including several Corsicana operators.

The Woodbine sand is expected to be topped at approximately 2,200 feet.

Structural possibilities of this area have been under consideration for several years and this wildcat is the culmination of extensive geological surveys.

The operators expect to reach the Woodbine sand within seven to 10 days.

## Joy Krueger Weds Corsicana Soldier

Mrs. Margaret Krueger of San Antonio, Texas, announces the marriage of her daughter, Joy Krueger, to test are T. C. Shaw, Fort Worth, and others, including several Corsicana operators.

The bride was given in marriage by Cpl. Wayne Blackwell. Miss Krueger's maid of honor was Pvt. Nancy Merritt. Mr. Ratliff's best man was Pvt. Glenn Watkins. The military wedding consisted of a twelve man honor guard, friends of Mr. Ratliff, and an officer in charge.

The bride's dress was ice blue silk. She carried a corsage of white gladiolus.

Miss Krueger and her mother are former residents of Chicago, Illinois. They lived in Florida and Mexico before coming to San Antonio.

Mr. Ratliff is now stationed at Fort Sam Houston, Texas, with the Medical Field Service School, 9940th TSS, having joined the Army at Waco, Texas, August 3, 1948, going to Fort Ord, California for his training.

Mr. and Mrs. J. J. Ratliff were in San Antonio for their son's wedding.

## Hike Scheduled In Tax Rate For Navarro County

There will be changes in the tax rate on Navarro county properties in 1950.

The 28 cents Navarro County Hospital bonds and a 8-cent hike is anticipated in the jury fund. A total of 90 cents is levied on the \$100 valuation counting the county-wide road and bridge special of 15 cents.

The 28 cents for the hospital, however, is included in the permanent improvement and jury funds.

Some of the taxes of last year, however, are lowered in the road districts throughout the county. Only two levies for roads, thanks to surpluses in the treasury to care for maturities in all other road districts, will be required—Dawson 5 cents and Montfort 3 cents.

The general fund is 25 cents; road and bridge, 15 cents; permanent improvement, 23 cents (20c to hospital and 3c to improvements); July 12c (8c to hospital maintenance and 4c to jury); plus the special road and bridge fund—total 90 cents on the \$100 valuation.

It was 58 cents last year, counting the road tax of 15 cents.

The above figures do not include the county-wide 20 cent levy by the Navarro Junior College independent district, the independent and common school districts or levee improvement districts.

## Miss Mitchell Is Wed To Jack Clark

DAWSON, Sept. 1.—(Spl.)—Announcements have been received here of the recent marriage of Miss Frances Zerline Mitchell and Jack G. Clark in Houston. The bride is the daughter of Mr. and Mrs. George G. Mitchell of Houston, and the bridegroom is the son of Mr. and Mrs. N. G. Clark of this community.

Mr. and Mrs. Clark, who are residing in Houston, spent their honeymoon in Mexico.

## Doves Plentiful Hunters Report

First reports on the dove hunting season opened Thursday morning were that the birds were plentiful, but some of the hunters were having considerable difficulty in getting their limits due to their inability to hit targets.

H. P. Phillips, Michael Phillips and R. D. Parker reported thousands of birds west of Corsicana, but did not get the limits.

There were plenty of birds—I just couldn't hit 'em," Parker related.

## Compton Family Reunion Is Held

A Compton family reunion, the first in 20 years in which the entire group attended, was held Sunday at the home of two of the sisters, Mrs. Cora Bates and Miss Nora Compton.

Mrs. Bates and Miss Compton formerly resided at Purdon and San Antonio, but recently returned here.

Among those present were Mr. and Mrs. Griff Compton, Mr. and Mrs. Dee Compton, Mrs. Dewell McDowell and sons, Ronald and Donald, all of Corsicana; Mr. and Mrs. S. F. Herod, Sylvie Herod and Miss Eunice Herod, all of Huntsville, and Morris Burleson, Huntsville.

Rebekah Head To Visit Corsicana

Mrs. Bessie Carter of San Antonio, president of the Rebekah Assembly of Texas, will pay her official visit to Home Rebekah Lodge No. 128 Tuesday night, Sept. 6.

She, Mrs. Carter, noble grand, announced Thursday afternoon.

Mrs. Carter plans to visit the Homes in Corsicana and Ennis Sunday incident to the annual pilgrimages of Odd Fellows and Rebekahs of Texas and will remain in this section for the local meeting.

A large attendance is anticipated.
